

Mr. Lee Kee Siang

Director, InfoComm Division,
National Library Board,
Singapore

Lee Kee Siang has extensive experiences in overseeing IT Governance and managing IT Departments in both local government and multinational companies. He is actively involved in the planning of IT initiatives and overseeing their implementation and subsequent maintenance. His portfolios require him to manage a team of IT professionals to work closely with user departments and outsourced vendors to provide smooth and cost effective IT services and solutions. He is certified in CGEIT as well as CITBCM (Senior).
