

**John Yong**

Director (Infocomm Security & Assurance)

Infocommunications Development Authority of Singapore

Mr John Yong is Director, Infocomm Security & Assurance, IDA. John holds a Master in Computer Science from the University of Salford, United Kingdom. He is a seasoned infocomm security professional who has dedicated his 31-year career to this field, both in the public and private sectors. He started his career with MINDEF Military's Security Department before joining the National Computer Board in 1991 heading the IT Security Department. Thereafter, he moved to the private sector and worked in companies such as NCS, Michelin, TrustAsia, and Symantec. Prior to joining IDA, he was with the Philippines Long Distance Limited Group of Companies as Chief Security Advisor.
