

Mr. CHAI Chin Loon
Chief Operating Officer
Assurity Trusted Solutions Pte Ltd

Mr Chai has spent the past 16 years in the IT industry after retiring from 12 years of active service in the Singapore Navy where he held key appointments including the Commanding Officer of a naval ship. In Singapore Technologies, he managed the development and delivery of large application systems for government clients. Moving on to Cap Gemini, he was responsible for the regional infrastructure outsourcing business as well as the regional internal infrastructure through the Cap Gemini/Ernst & Young merger.

During his stint as the Chief Information Officer in A*STAR, he implemented the group-wide SAP system across the 15 entities in the A*STAR group to consolidate and standardize IT practices. He subsequently joined IBM as Senior IT Architect before moving to his current stint as Chief Operating Officer, Assurity Trusted Solutions Pte Ltd.
